### Season:

The Park opens on 16th October & Closes on 30th June. Wild life is worth watching all year around but winters are best for inbound tourists & birders. Wild life is more visible in dry heat of summers excellent for nature photographers. October-february is cold. March- April is moderate. May - June is warm. The altitude of the area varies from 450m to 950m above the sea level...

It is recommended to dress in neutral khakies, grey and green ...

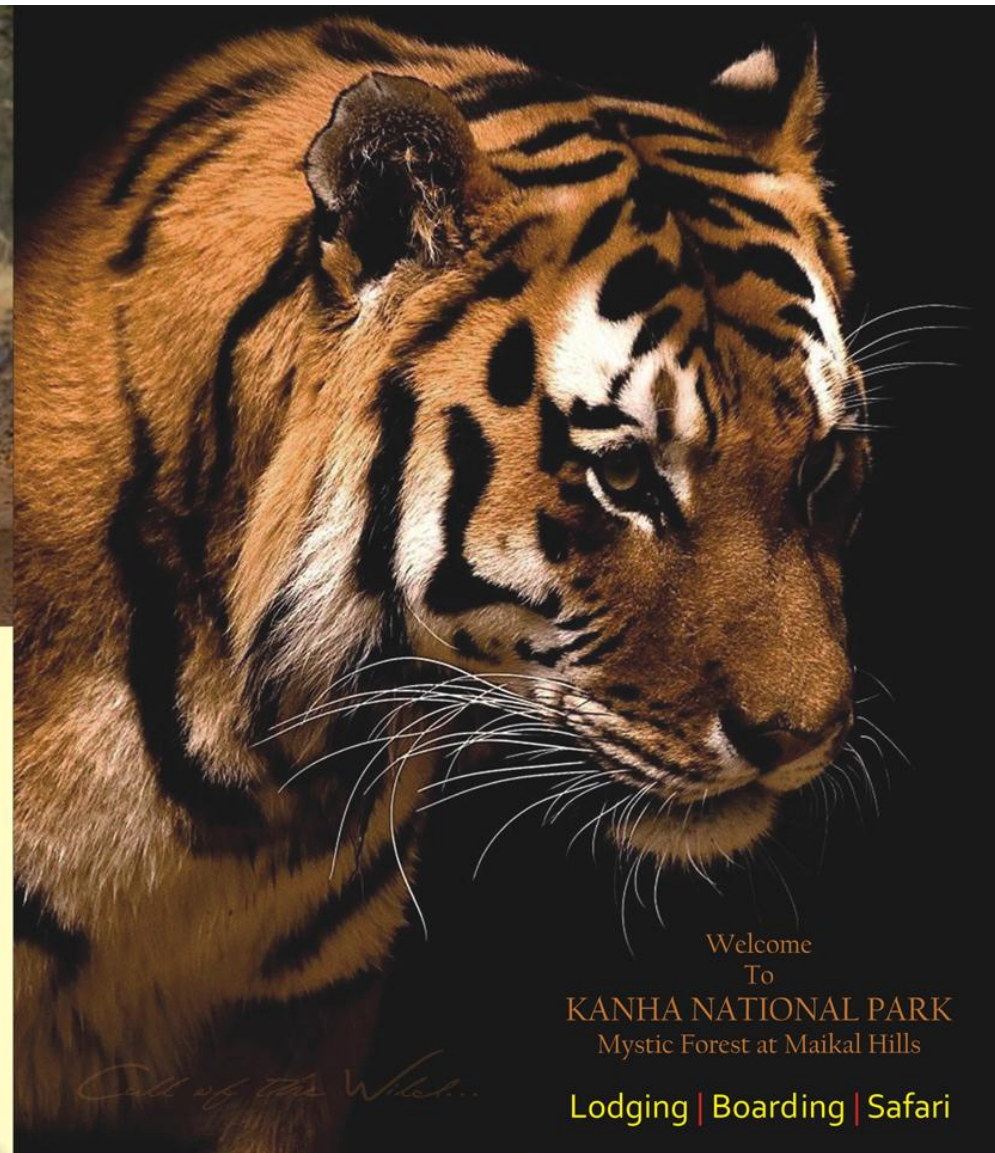

Please carry camera, binoculars, sunhats, sunglasses & notebook.

Open jeeps are available for park rides.

• Wednesday evening safaris are not available.

• Tiger Safari Booking: Must be done in advance at MP Kiosk

KANHA

Affordable – Comfortable - Luxurious

Stay in the cool confines of Motel Chandan at Kanha National Park. The fully equipped budget resort offers affordable but luxury accommodation at Kanha Forest of Central India.

## Abode in Kanha

As fully equipped jungle resort Motel Chandan has evolved with Kanha and its tourism. A small number of niche tourists visited the preserve during the seventies, they found succor at Chandan Motel the first accommodation venture at this magnificent paradise. Kissu Chacha Had a vision that nurtured tiger tourism & the tourists in times whence no private lodges had come up. The vision turned into a reality and the property is a fully fledged resort well equipped for cozy accommodation and dining.

### Rendezvous in Tiger Land

Rudyard Kipling penned an exotic account of wild life at Kanha. A story woven around heights of imagination gave birth to a memorable masterpiece called the **Jungle Book**. The adventures of Mowgli and his gang of wolves accorded worldwide fame to Kanha National Park popularly known as Tiger Land.

The vivid scapes of this magnificent reserve mesmerize tourists with its beauty and grace. No wonder an author quoted on the preserve: **"Grand – Serene & Larger Than Life"**

## Kanha National Park

The incredible biodiversity here is an epitome of forests of Central India in the State Of Madhya Pradesh. The reserve is acclaimed as India's finest conservation center. The keystone species are Bengal Tiger, Leopard, Gaur, Swamp Deer (Hard Ground Barasingha), Sloth Bear, Wild Dog, ubiquitous Spotted Deer, magnificent Sambar Deer, Blue Bull, Hanuman Langur, Wild boar, Barking Deer, Jackal, Fox, Four Horned Deer and the recently rediscovered Mouse Deer.

Tigers, Leopards, Swamp Deer, Magnificent Herds of Gaur are the characteristic feature of Kanha's grandeur. The keystone species enthrall visitors on wildlife safaris charismatic wild mammals, myriads of insects, butterflies, reptiles and birds of feather. The preserve is rich in bird life and attracts large number of birders and wildlife photographers from all over the World.

### Facts & Figures

Kanha Tiger Reserve resides in the Districts of Mandla, Balaghat & Raipur in Central India. It encompasses an area of 1945 sq.km and is notified as tiger reserve under the Project Tiger Program. More than hundred tigers survive in Kanha besides a large number of prey animals. The Leopard survives in impressive numbers but is a rare sight. Swamp Deer, the only sub species of genus Cervus Duavcel i in India its number range from 300 to 400 plus. Indian Bison or Gaur coarse grazer weighs up to one ton and is the most awesome creatures on Earth. Sambar Deer are the largest in Asia. A pack of wolf or indolent sloth bear is no less an exciting sight. Kanha offers much more come and experience.

### Kanha Tiger Safari

Two rides take place in the core zone of the park. Early morning and post lunch ride. The morning safari is from predawn to 12 pm. The evening safari is from 3 pm till dusk. Elephant rides are available only in the mornings on **"Tiger Show"**.
